

The Immigration Officer
Department of Immigration
Manila
Philippines

1 April 2008

Dear Sir or Madam,

Please be advised that a charity group who voluntarily travel to the Philippines once a year, will be arriving in Manila for a duration of stay of ten days, as per the dates below.

We would greatly appreciate your assistance in their arrival, as these people are volunteers participating in a charitable surgical mission in the Philippines to surgically repair the cleft lips and palates of underprivileged children in the Caloocan area. They will be carrying with them donated supplies necessary to care for the children they will treat. Please allow them to transport these items as well as enter into the Philippines duty free with these items.
